## The State of Cyber Attacks for Enterprises

Ali Pabrai - Security Expert & Entrepreneur  
1:00 PM - 2:00 PM PDT | THURS NOV 3  
MTV-1950-1-Bodega Bay Tech Talk

Mr. Pabrai will discuss the top patterns of cyber-attack as well as the incidents & breaches businesses most commonly experience. He will also discuss the new world of attack surfaces presented by technologies such as IoT and mobile devices. His compelling presentation will underscore how security should be a driving force, not an afterthought, and impart actionable wisdom on how you as a Googler can help reduce the risks we face.
